INDEPENDENT AUDITORS' REPORT

To the Board of Education
Logan City School District
Logan, Utah

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Logan City School District (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not

for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of the proportionate share of the net pension liability, the schedule of contributions, and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2017

As Management of the Logan City School District (the District), we offer readers of the District's financial statements this narrative discussion, overview, and analysis of the financial activities of the District for the fiscal year ending June 30, 2017.

Financial Highlights

- The District reports \$12,865,078 in total General (Maintenance & Operations) Fund fund balance, which is an increase of \$3,648,872 from the prior year. Total General (Maintenance & Operations) Fund balance includes \$15,087 classified as nonspendable, \$2,526,101 restricted for program expenditures, \$1,850,000 committed for undistributed reserve, \$5,486,417 assigned for specific purposes, and \$2,987,473 unassigned fund balance.
- The District total General (Maintenance & Operations) Fund fund balance was 29.0% of budgeted expenditures, up from 21.4% for the prior fiscal year. While the Administration feels fund balances and reserves are sufficient to maintain a sound financial position, the fact that the unassigned fund balance is at a low balance is cause for continued managerial vigilance. The District has been successfully aggressive and proactive in dealing with economic challenges that face all Utah school districts as evidenced by the increase in fund balance in this past year. The Board and Administration remain committed to a conservative fiscal philosophy that maintains as its primary focus the students of Logan City School District.
- The value of the WPU increased in fiscal year 2017 to \$3,184 from \$3,092 in fiscal year 2016, an increase of \$92 or 3%. The October 1, 2016 enrollment count for fiscal year 2017 decreased to 5,719 from 5,957 on October 1, 2014, a decrease of 238 students. ADM for 2017 was 5,682 students and 2016 was 5,901 students, a decrease of 219 students. Fluctuations in student populations and the value of the WPU make it difficult to budget financial and human resources to meet changing needs. The Board and Administration are closely monitoring these enrollment changes and setting long-term goals and plans for curriculum, staffing and facilities.

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2017

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. A comparative presentation of government-wide information is also included in this discussion and analysis. The purpose of this narrative is to simplify and clarify the following financial statements.

Government-wide financial statements: *The government-wide financial statements* are designed to provide readers with a broad overview of the District's financial condition, in a manner similar to a private-sector business.

The *statement of net position* presents information on all the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the District, with the remainder reported as *net position*. In future years, increases or decreases in net position may serve as one indicator of whether the overall financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the net position of the District changed during this fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, the financial statements are presented using the accrual method of accounting and revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected and delinquent property taxes and employees earned, but unused, paid leave).

The District's government-wide financial statements also present the net position and a statement of activities for the Logan City School District Foundation (the Foundation). The Foundation is being presented as a discrete component unit in accordance with GASB Statement No. 39 "*Determining Whether Certain Organizations Are Component Units*".

Fund financial statements: A *fund* is a group of related accounts that is used to maintain control over resources that have been designated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are *governmental funds*.

Governmental funds: *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2017

Because the focus of *governmental funds* is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities*. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains six individual *governmental funds*. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General (maintenance & operations) Fund, Debt Service Fund, and the Capital Projects Fund, all of which are considered to be major funds. Data from the remaining three governmental funds, the Food Service, Student Activity, and Tax Increment funds, are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* later in this report.

The District adopts an annual budget, as legally required, for each governmental fund. Budgetary comparison statements have been provided as supplementary information to demonstrate compliance with these budgets.

Notes to the financial statements: The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other information: The combining and individual fund statements referred to earlier in connection with non-major governmental funds are presented immediately following the notes to the financial statements located later in this report.

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2017

Government-wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government entity's financial condition. The District's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$39,929,193 at the close of the fiscal year. This amounts to an increase of \$5,382,811 in the District's overall financial condition when compared to the prior year.

LOGAN CITY SCHOOL DISTRICT'S NET POSITION

	Governmental Activities	
	2017	2016
Current and other assets	\$ 59,044,004	63,751,813
Capital assets	78,814,334	63,791,676
Total assets	137,858,338	127,543,489
Deferred Outflows of Resources	8,852,117	8,185,124
Other liabilities	7,975,380	6,120,442
Long-term liabilities outstanding	73,002,500	70,867,515
Total liabilities	80,977,880	76,987,957
Deferred Inflows of Resources	25,803,381	24,194,274
Net position:		
Net investment in capital assets	32,843,042	31,226,251
Restricted	4,187,166	3,210,965
Unrestricted	2,898,986	109,166
Total net position	\$ 39,929,194	34,546,382

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2017

The largest portion of the District's net position reflects its investment in capital assets (e.g., land, construction in process, buildings and improvements, and equipment), less any related debt and related items (bonds payable) used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are *not* available for liquidation and future operations. Since the capital assets themselves cannot be used to satisfy these liabilities, the District must obtain these resources from the annual voter-approved property taxes assessed solely for the purpose of meeting the requirements previously established in the outstanding bond repayment schedule.

An additional portion of the District's net position represents resources that are subject to restrictions for debt service and restrictions agreed upon when grant funds were applied for and received.

The remaining balance of *unrestricted net position* when positive may be used to meet the District's ongoing obligations to students, employees, and all other operational expenditures. Unrestricted net position has a positive balance of \$4,784,344 at year-end. The implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27* has a significant impact on reporting the District's unrestricted net position.

At the end of the current fiscal year, the District is able to report positive balances in all three categories of net position, both for the District as a whole, as well as for its separate governmental activities.

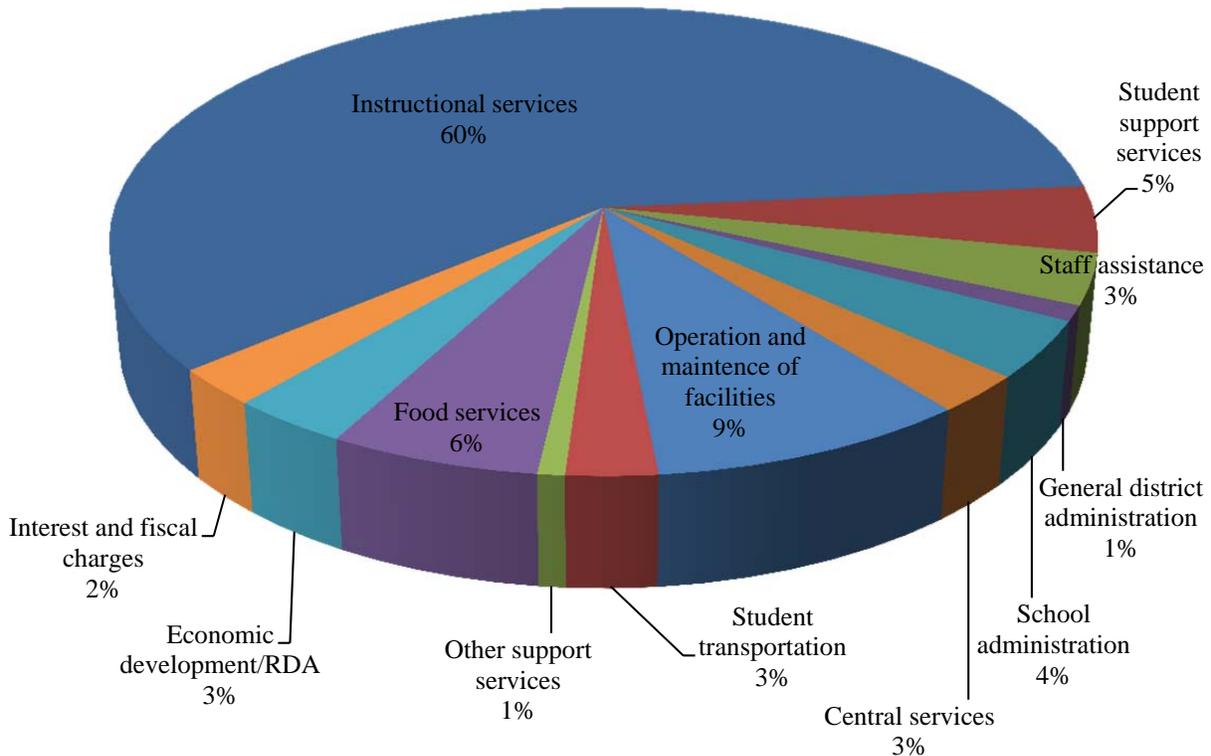

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2017

Distribution of Expenses

The largest source of operational revenue continues to be from annual legislative appropriations for the state minimum school program which is administered by the Utah State Board of Education. This revenue source is based on WPUs (weighted pupil units) distributed to districts based on annual student enrollments and the amount established by the State legislature each year. The WPU value for fiscal year 2017 was \$3,184 for Regular WPUs, Special Education WPUs and WPUs associated with Career and Technical Ed programs.

Instructional services represent the largest dollar expenditure for District operations. Instruction and its direct student support services represent 65% of the District's total expenditures.

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2017

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with all legal requirements.

Governmental funds: The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financial position. Fund balances are divided between nonspendable, restricted, committed, assigned, and unassigned balances. The District's committed and assigned fund balances are as follows:

- *Committed for undistributed reserve of \$1,850,000*: Utah law allows districts to establish an undistributed reserve within the General (Maintenance & Operations) Fund. The law limits this reserve to an amount not to exceed 5% of the General (Maintenance & Operations) Fund budget, or approximately \$2,303,000 at present. This reserve of \$1,850,000 represents an estimated 80% of the legal limit. These funds require specific Board authorization to spend and are set aside for future contingencies *and* programs. By law, "the Board may not use undistributed reserves in the negotiation or settlement of contract salaries for District employees."
- *Assigned for capital projects and facility improvements of \$8,581,518*: From the fund balance of the Capital Projects Fund, the District has assigned \$2,500,000 for facility improvements and \$6,081,518 for other capital projects.
- *Assigned for programs and facility improvements of \$3,761,417*: From the fund balance of the General (Maintenance & Operations) Fund, the District has assigned \$500,000 for operation expenses associated primarily with recreation center programs, \$3,261,417 for facility improvements and other school programs.
- *Assigned for retirement incentive of \$1,475,000*: From the fund balance of the General (Maintenance & Operations) Fund, the District has assigned \$1,475,000 for the early retirement benefit.
- *Assigned for school food service of \$947,983*: The District has assigned the fund balance of the School Food Service Fund for as a reserve for anticipated future operational costs of administering school lunch programs.
- *Assigned for students of \$649,947*: The District has assigned the fund balance of the Student Activity Fund, which represents unspent fees and other monies collected at the school level for student activities.
- *Assigned for future increase to undistributed reserve of \$250,000*: From the balance of the General Fund, the District has assigned \$250,000 which is to be committed to increase the undistributed reserve.

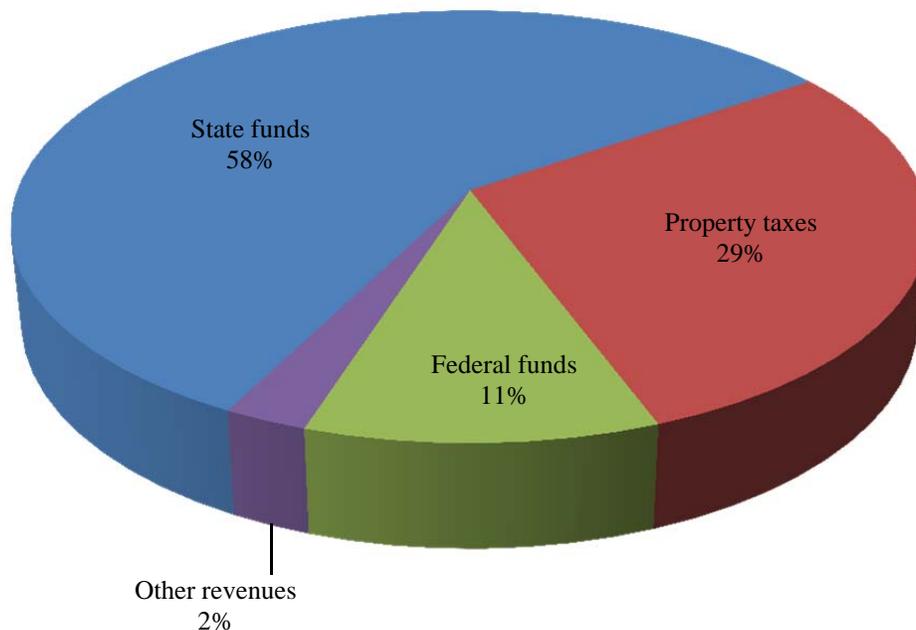

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2017

Unassigned fund balances are appropriated in the following year's budget. Fund balances of the Capital Projects, Debt Service, and other Governmental Funds are assigned by State law to be expended as allowed by law.

The District operates six governmental type funds. A description of each fund and its significant activities follows.

- *The General (Maintenance & Operations) Fund:* This fund is the chief operating fund of the District. At the end of the current fiscal year, there was \$2,982,258 of unassigned fund balance. Total fund balance was \$12,865,078. The Administration is continuing to monitor and working to increase unassigned fund balance so that reserves can be maintained sufficient to offset unexpected budget shortfalls which could compromise District instructional programs. Average budgeted monthly expenditures for the upcoming year are approximately \$3,692,000.

General Fund Revenue Sources

- *Debt Service Fund:* This fund has a fund balance is \$1,569,519. By law these funds are restricted for payment of principal and interest on the District's outstanding general obligation bonds. This fund balance increased \$337,711 in fiscal year 2017.

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2017

- *Capital Projects Fund*: This fund is for facility construction, renovation, capital maintenance and repairs, equipment, and the purchase of land. Its fund balance is \$13,303,496, a decrease of \$9,262,928 during fiscal year 2017.
- *School Food Service Fund*: This fund has a fund balance of \$1,078,848 and is earmarked for future operational costs of school lunch programs. This fund balance decreased \$35,266 during fiscal year 2017.
- *Student Activity Fund*: This fund has a fund balance of \$649,947. All student activity funds represent unspent fees and other monies collected at the school level for designated programs within each school. This fund balance increased \$60,456 during fiscal year 2017.
- *Tax Increment Fund*: This fund has no fund balance and is used by the District to account for property taxes levied by the District that are paid directly to the local redevelopment agencies in which the District participates.

General (Maintenance & Operations) Fund Budgetary Highlights

During 2017, the Board revised the District's budget. Budget amendments were to reflect changes in programs and related funding. The decrease in budgeted expenditures between the original budget and the final amended budget was approximately \$195,000 or 0.4% of total General (Maintenance & Operations) Fund expenditures. The increase in budgeted revenues between the original budget and the final amended budget was approximately \$1,480,000 or 3.3% of total General (Maintenance & Operations) Fund revenues. This increase was primarily due to an increase in local tax collection.

Even with these adjustments, actual expenditures were approximately \$2,002,000 less than final budgeted amounts and actual revenues were approximately \$55,000 less than budgeted amounts.

Capital Asset and Debt Administration

Capital Assets: The District investment in capital assets is \$76,928,975, net of accumulated depreciation. This compares to the previous year amount of \$63,791,676. Investment in capital assets includes land, construction in process, buildings and improvements, and equipment; including District investment in the Logan Recreation Center, jointly operated with Logan City. At the government-wide reporting level depreciation is a major District expense (over \$2.6 million for fiscal year 2017).

LOGAN CITY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2017

Long-Term Debt: Total bonded indebtedness at June 30, 2017 is \$46,233,000 including \$38,855,000 of voter authorized general obligation debt and \$7,378,000 of lease revenue bonds. In May of 2017, the Municipal Building Authority of the Logan City School District issued \$4,826,000 of lease revenue bonds. The proceeds of the bonds will be used for additions and improvements to Logan High School. The interest rate on the bonds was 4.29%. During the year, the District also entered into three new capital lease agreements for computers and software. The lease agreements were for \$295,000.

District general obligation debt is currently approximately 52% of the legal debt limit. The general obligation indebtedness of the Board is limited by State law to 4% of the fair market value of taxable property in the District. As of January 2017 estimated debt incurring capacity is \$80.4 million. Current District debt is scheduled to be retired by 2035.

Requests for Information

This financial report is designed to provide a general overview of the Logan City School District's financial operations. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Jeff Barben, Business Administrator, Logan City School District, 101 West Center, Logan, Utah, 84321.

LOGAN CITY SCHOOL DISTRICT
RECONCILIATION OF THE BALANCE SHEET OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION
June 30, 2017

Total fund balance - governmental funds \$ 27,581,529

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental funds are not financial resources and therefore are not reported in the funds. Capital assets are capitalized and depreciated over their estimated useful life in the statement of net position. The historical cost of the assets is \$124,367,880 and the accumulated depreciation is \$45,553,546. 78,814,334

Some of the District's property taxes (delinquent taxes) will be collected after year-end but are not available soon enough to pay for the current period's expenditures and therefore are not recorded in the funds. Receivables and revenues are recorded on the accrual basis in the statement of activities. 480,141

Long-term liabilities, including outstanding general obligation bonds, capital leases, and post employment benefits, are not due and payable in the current period and therefore are not reported as liabilities in the funds. All liabilities, both current and long-term, are reported in the statement of net position. Balances at year-end are:

Bonds payable	(46,233,000)
Capital leases payable	(737,094)
Early retirement payable	(1,476,089)
	(48,446,183)

Net pension assets and liabilities and deferred outflows and inflows of resources related to pensions are not reported in funds but are reported in the statement of net position. Balances at year-end are:

Net pension asset	-
Deferred outflows of resources related to pensions	8,852,117
Net pension liability	(20,833,141)
Deferred inflows of resources related to pensions	(2,796,429)
	(14,777,453)

Bond premiums are reported as other financing sources in the governmental fund financial statements but unamortized premiums are netted against the related debt on the statement of net position. (3,723,174)

Net position of governmental activities \$ 39,929,194

The accompanying notes are an integral part of these financial statements.

LOGAN CITY SCHOOL DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
Year Ended June 30, 2017

Net change in fund balances - total governmental funds	\$ (7,136,514)
Amounts reported for governmental activities in the statement of activities are different because:	
Capital acquisitions and improvements are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.	
Capital acquisitions and improvements	18,674,056
Depreciation expense	<u>(2,625,911)</u>
	16,048,145
Certain capital assets were disposed during the course of the year. The net book value of these assets at the time of disposal is recorded in the Statement of Activities as a reduction of net assets.	
	(1,025,487)
Bond proceeds are reported in governmental funds as an other financing source, while repayment of bond principal is reported as an expenditure. In the statement of net position, issuing debt increases liabilities and the repayment of principal reduces the liability. Also, government funds report deferred amounts and premiums as other financing sources and uses, whereas these amounts are deferred and amortized in the statement of activities. Interest is recognized as an expenditure in the governmental funds when it is due. In the statement of activities, interest expense is recognized as it accrues, regardless of when it is due.	
Amortization of bond premium	288,412
Bond proceeds	(4,826,000)
Payments of principal on outstanding bonds	<u>2,559,000</u>
	(1,978,588)
Capital lease proceeds are reported in governmental funds as an other financing source, while repayment of lease principal is reported as an expenditure. In the statement of net position, issuing debt increases liabilities and the repayment of principal reduces the liability.	
Capital lease proceeds	(294,562)
Payments of principal on outstanding capital leases	509,939
Principal payment expensed in PY but paid in CY	<u>(217,399)</u>
	(2,022)
In the governmental funds, post employment benefits are recorded when paid. In the statement of net position, the amount due for future periods is recorded as a liability. During the year, post-employment benefits increased \$2,792.	
	(2,792)
The net effect of transactions involving net pension assets and liabilities and deferred outflows and inflows of resources related to pensions, and pension expense is to decrease net position.	
	(493,181)
Property taxes levied in prior years but not yet collected are not recognized in the governmental funds because they are not available. They are, however, recorded as revenues in the statement of activities. During the year, delinquent taxes receivable decreased \$26,749.	
	<u>(26,749)</u>
Change in net position - total governmental activities	<u>\$ 5,382,812</u>

The accompanying notes are an integral part of these financial statements.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 1 – Summary of Significant Accounting Policies

The financial statements of the Logan City School District (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the District are described below.

Reporting Entity

Primary Government

The Logan City School District Board of Education (the Board) is the basic level of government that has oversight responsibility and control over all activities related to public school education in the City of Logan, Utah. The Board is comprised of five elected individuals and is the primary governing authority for the District. The Board is responsible for setting district policies, appointing the superintendent and the business administrator, and approving budgets and all related education matters.

The District is not included in any other reporting entity and is defined as an independent school district. The District is not a component unit of any other primary government. The Board has the authority to levy taxes, adopt budgets, and issue debt. The District receives funding from local, state, and federal sources and must comply with the requirements of these funding sources.

Discrete Component Unit

The Logan City School District Foundation (the Foundation) is a non-profit 501(c)(3) corporation organized for the purpose of seeking supplemental resources for education purposes. The Foundation receives support from the District and is fiscally accountable to the District for its operations. The Foundation qualifies to be reported as a discrete component unit of the District in accordance with the requirements of GASB Statement No. 39 “*Determining Whether Certain Organizations Are Component Units*”. The Foundation does not issue separate financial statements.

Blended Component Unit

The District has established a Municipal Building Authority (the Authority) pursuant to state code. The Governing Board of the Authority is comprised of the Logan City School Board. The purpose of the Authority is to serve the District as a financing agency for debt financed projects. During 2008, the Authority issued lease revenue bonds. Due to the restrictive nature of the State Board of Education’s fund structure, a separate Municipal Building Authority Capital Projects Fund and Debt Service Fund have not been established. Therefore, the District used its Capital Projects fund to account for the construction and debt payments related to the Authority.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 1 – Summary of Significant Accounting Policies (continued)

Undivided Interest in Joint Operation

The Logan Recreation Center is jointly operated through an agreement between the District and the City of Logan. Both the District and the City have recorded their portion or interest in the recreation center as a capital asset. Operating expenses are shared equally and the City has assumed fiduciary responsibility for the Center.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District and the Foundation.

The statement of activities demonstrates the degree to which the direct expense of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to students or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meet the operational or capital requirements of a particular function.

Property taxes and other items not included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 1 – Summary of Significant Accounting Policies (continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District generally considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, early retirement, and post-employment healthcare benefits, are recorded only when payment is due.

Property taxes, fees-in-lieu, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Property taxes associated with future periods are deferred. All other revenue items are considered to be measurable and available only when the District receives cash.

When an expense/expenditure is incurred for which both restricted and unrestricted resources are available, it is the District's general policy to use restricted resources first. When an expense/expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

The District's policy is to allocate indirect costs in accordance with State school board policy.

The District's accounting system is organized on a fund basis. A fund is a fiscal and accounting entity with a self-balancing set of accounts that the government establishes for accountability purposes in accordance with statutes, laws, regulations, restrictions, or specific purposes.

The focus of the fund financial statements is *major* funds. Major funds are defined based on a numerical formula and these funds generally represent the government's most important funds.

The District reports the following major governmental funds:

- The General (Maintenance & Operations) Fund is the District's primary operating fund. It accounts for resources devoted to financing the general services of the District. The fund is charged with all costs of operating the District for which a separate fund has not been established.
- The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest and related costs of outstanding general obligation debt.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 1 – Summary of Significant Accounting Policies (continued)

- The Capital Projects Fund accounts for the financial resources used for the acquisition, construction, remodeling, maintenance, and repair of capital facilities and equipment by the District.

Additionally the District reports the following funds:

- The School Food Service Fund (a special revenue fund) is used to account for the proceeds of specific revenue sources related to food service. This fund's expenditures are legally restricted for specified purposes.
- The Student Activities Fund (a special revenue fund) is used to account for the proceeds of specific revenue sources related to student body groups.
- The Tax Increment Fund (a special revenue fund) is used to account for property taxes levied by the District that are paid directly to the local redevelopment agencies in which the District participates.

Cash and Cash Equivalents and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition, including investments in the Public Treasurer's Investment Fund (PTIF).

All investments are reported at fair value.

Receivables

District management considers receivables to be fully collectible; accordingly, no allowance for doubtful accounts has been established. Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds."

Inventory

Inventory items in the School Food Service Fund, a special revenue fund type, are recorded as expenditures when consumed rather than when purchased. Federal commodity contributions are recorded as revenue when they are received. Non-federal commodity inventory is valued at cost, using the first-in/first-out (FIFO) method. Federal commodity inventory is valued at fair market value as determined by the United States Department of Agriculture. All other funds record inventory type items as expenditures at the time purchases are made.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 1 – Summary of Significant Accounting Policies (continued)

Capital Assets

Capital assets include land, construction in process, buildings and improvements, and equipment. Capital assets are reported in the governmental activities column in the government-wide financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$10,000. All capital assets are valued at cost or estimated cost if actual cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Interest incurred during construction is not capitalized.

Capital assets of the District are depreciated using the straight-line method over the following estimated lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	10 to 50
Equipment	5 to 15

Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The following item qualifies for reporting in this category:

- Contributions made by the District prior to the District's fiscal year end, but subsequent to the pension measurement date of December 31, 2016, and the net difference between projected and actual earnings on pension plan investments are reported as deferred outflows in the government-wide statement of net position but not in the governmental funds balance sheet.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The following items qualify for reporting in this category:

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 1 – Summary of Significant Accounting Policies (continued)

- Unavailable revenue related to delinquent property taxes is reported in the governmental funds balance sheet but not in the government-wide statement of net position. Delinquent property taxes expected to be received after the availability period are considered unavailable under the modified accrual basis of accounting.
- Property taxes for future periods are reported in both the governmental funds balance sheet and the entity-wide statement of net position. Property tax revenues are not recognized prior to the period which they are intended to finance, even if an enforceable lien is in place prior to the beginning of the intended period. Thus, property taxes received or receivable as of year-end, which are intended to finance the following fiscal year, are deferred.
- Pension related differences between expected and actual experience and changes in pension assumptions have resulted in deferred inflows that are reported in the government-wide statement of net position but not in the governmental funds balance sheet.

Compensated Absences

Under terms of association agreements, twelve-month or full-year employees earn vacation and sick leave in amounts varying with tenure and classification. All vacation pay plus related payroll taxes are accrued when incurred in the government-wide financial statements.

Full-time employees (those with 12-month contracts) earn vacation days ranging from 10 to 15 days per year depending upon length of service. Terminating employees are not paid for unused vacation. One half of the annual vacation earned may be carried forward to subsequent years. Employees on contract are entitled to 3 days personal leave per year. Three unused personal leave days may be carried forward to subsequent years.

Retiring employees may only be paid for a maximum of 150 days of unused sick leave at a rate per day set in accordance with negotiated personnel agreements. Terminating employees are not paid for unused sick leave. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 1 – Summary of Significant Accounting Policies (continued)

Post-Employment Benefits

The District's employees who meet certain requirements can request to retire under an early retirement program. This program provides for stipends and health insurance coverage for the retiree and are typically for a maximum of four years or until the retiree becomes eligible to receive full social security benefits. However, some employees have received an eight year early retirement benefit. Expenditures are recorded in the General (Maintenance & Operations) Fund when paid. The amount of the known obligations is recorded as a liability in the government-wide financial statements in the statement of net position. The District also participates in a life insurance death benefit program for eligible employees.

Long-term Obligations

In the government-wide financial statements, long-term debt and obligations are reported as liabilities in the statement of net position. Bond premiums, discounts, and deferred charges are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method when material.

In the governmental fund financial statements, bond premiums, discounts, and deferred charges are recognized during the period incurred. The face amount of debt issued is reported as an other financing source. Debt principal and interest payments are reported as expenditures in the period the payments are due.

Pension Related Assets, Liabilities, and Deferred Outflows and Inflows of Resources

For purposes of measuring the net pension asset and liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Interfund Balances and Transactions

Transfers are used to report flows of cash (or other assets) between funds without equivalent flows of assets in return or a requirement for repayment. In the government-wide Statement of Activities, transfers between governmental funds are eliminated. In the governmental fund financial statements, transfers are reported as other financing sources or uses.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 1 – Summary of Significant Accounting Policies (continued)

Equity Classifications

Equity in the government-wide financial statements is classified as net position and displayed in three components:

- Net Investment in capital assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any debt, and associated items, attributable to the acquisition, construction or improvement of these assets.
- Restricted net position – Consists of net position with constraints placed on its use, whether by 1) external groups such as creditors, grantors or laws and regulations of other governments; or 2) law through constitutional provisions or enabling legislation.
- Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

Fund Balance Classifications

Governmental fund equity is classified as fund balance in the fund financial statements. Fund balance is further classified based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable – This classification includes amounts that cannot be spent because they are either 1) not in spendable form or 2) are legally or contractually required to be maintained intact. The District has classified prepaid assets and inventory as nonspendable.
- Restricted – This classification includes amounts for which constraints have been placed on the use of resources which are either 1) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or 2) imposed by law through constitutional provisions or enabling legislation.
- Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board. These amounts cannot be used for any purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 1 – Summary of Significant Accounting Policies (continued)

- Assigned – This classification includes amounts that are constrained by the Board’s intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board, Superintendent, or Business Administrator. No other governing body or officials have this authority delegated to them. This classification also includes the remaining positive fund balance for all governmental funds except for the General (Maintenance & Operations) Fund.
- Unassigned – This classification includes the residual fund balance for the General (Maintenance & Operations) Fund. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by the offsetting of assigned fund balance amounts.

Property Taxes

Real property taxes are collected by the Cache County Treasurer and subsequently remitted to the District. Real property taxes are assessed on the taxable value of property (as of January 1st) and such taxes are due and payable by November 30 of each year after which time they become delinquent. Personal property taxes and fees in lieu of tax are collected by the Cache County Treasurer and remitted to the District monthly.

It is expected that all delinquencies plus accrued interest and penalties will be collected within a five-year period, after which time, the Cache County Treasurer may force sale of property to collect the delinquent portion. Delinquent property tax receivable is recognized as revenue in the government-wide financial statements. Only the portion of property taxes receivable that meets the revenue recognition criteria is reported as revenue in the fund financial statements.

All funds except the School Food Service and Student Activity funds are permitted to assess taxes. Certain tax rates have limitations as outlined by Utah State law. The tax rates of the District are within the prescribed limitations.

The District’s combined tax rate includes the following:

General (Maintenance & Operations) Fund:

- Basic School Levy – The rate calculated by the State Tax Commission to support the basic educational program of the District based on the weighted pupil unit established by the State Legislature.
- Voted Local Levy – A rate approved by the voters within the District to maintain school programs not supported by other funding.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 1 – Summary of Significant Accounting Policies (continued)

- Board Local Levy – An optional rate adopted by the Board to assist in the reduction of overall class size.

Debt Service Fund:

- GO Bond Payments – A rate to provide required funds to pay the annual debt service principal and interest payments of the voter approved general obligation outstanding debt.

Capital Outlay Fund:

- Capital Local Levy – A rate to be used to purchase, maintain, and repair capital facilities, grounds and equipment.

Operating Grants Restricted and Unrestricted

The District receives Federal and State funds passed through the State Office of Education and through direct Federal funding. Federal funds are recognized when qualifying expenses have been incurred and all other grant requirements have been met. State funding is based upon the number of students enrolled in the District (formula grants) and is recognized when received. State funds with purpose restrictions are presented as program revenues in the Statement of Activities. It is the District's policy to use restricted funds (i.e. operating grants and contributions) in compliance with specific award requirements and to provide instructional services.

Accounting Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual amounts could differ from these estimates.

Note 2 – Deposits and Investments

The State of Utah Money Management Council has the responsibility to advise the State Treasurer about investment policies, promote measures and rules that will assist in strengthening the banking and credit structure of the State, and review the rules adopted by the State of Utah Money Management Act that relate to the deposit and investment of public funds.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 2 – Deposits and Investments (continued)

The District follows the requirements of the Utah Money Management Act (Utah Code, Section 51, Chapter 7) in handling its depository and investment transactions. The Act requires the depositing of funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

Primary Government

At June 30, 2017, the District’s deposits and investments consisted of the following:

<u>Financial Statement Description</u>	<u>Deposits</u>	<u>Investments</u>	<u>Total</u>
Government activities:			
Equity in pooled cash and investments:			
Demand deposits	\$ 2,010,660	-	2,010,660
Public Treasurer's Investment Pool	<u>-</u>	<u>24,872,954</u>	<u>24,872,954</u>
	<u>\$ 2,010,660</u>	<u>24,872,954</u>	<u>26,883,614</u>

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the District’s deposits may not be returned. The District does not have a formal deposit policy for custodial credit risk. As of June 30, 2017, approximately \$2,141,000 of the District’s bank balances of approximately \$2,926,000 were uninsured and uncollateralized.

Investments

The Money Management Act defines the types of securities authorized as appropriate investments for the District and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, or directly with the issuers of investment securities.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 2 – Deposits and Investments (continued)

Statutes authorize the District to invest in negotiable or nonnegotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as “first tier” by two nationally recognized statistical rating organizations, one of which must be Moody’s Investor Services or Standard & Poor’s; bankers’ acceptances; obligations of the United States Treasury including bills, notes, and bonds; bonds, notes, and other indebtedness of political subdivisions of the State; fixed rate corporate obligations and variable rate securities rated “A” or higher, or the equivalent of “A” or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Act; and the Utah State Public Treasurer’s Investment Fund.

The Utah State Treasurer’s Office operates the Public Treasurers’ Investment Fund (PTIF). The PTIF is available for investment of funds administered by any Utah public treasurer.

The PTIF is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Money Management Act, Section 51-7, Utah Code Annotated, 1953, as amended. The Act established the Money Management Council, which oversees the activities of the State Treasurer and the PTIF and details the types of authorized investments. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionately in any realized gains or losses on investments.

The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses – net of administration fees, of the PTIF are allocated based upon the participant’s average daily balance. The fair value of the PTIF investment pool is approximately equal to the value of the pool shares. As of June 30, 2017, all investments held by the District are in the PTIF, which has a maturity of less than 1 year.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District’s policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the State’s Money Management Act. Section 51-7-11 of the Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. The Act further limits the remaining term to maturity on investments in commercial paper, bankers’ acceptances, fixed rate negotiable deposits, and fixed rate corporate obligations to 270-365 days or less. In addition, variable rate negotiable deposits and variable rate securities may not have a remaining term to final maturity exceeding 2 years.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 2 – Deposits and Investments (continued)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District’s policy for reducing exposure to credit risk is to comply with the State’s Money Management Act as previously discussed. At June 30, 2017, all investments held by the District are in the PTIF which is unrated.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government’s investment in a single issuer. The District’s policy for reducing this risk is to use the PTIF whenever possible.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District’s policy for custodial risk is to use the PTIF whenever possible.

Component Unit

At June 30, 2017, the Foundation’s deposits and investments consisted of the following:

<u>Financial Statement Description</u>	<u>Deposits</u>	<u>Investments</u>	<u>Total</u>
Cash and cash equivalents:			
Demand deposits	\$ 113,524	-	113,524
Public Treasurer's Investment Fund	-	83,348	83,348
Certificates of deposit	<u>212,808</u>	<u>-</u>	<u>212,808</u>
	<u>326,332</u>	<u>83,348</u>	<u>409,680</u>
Investments:

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 2 – Deposits and Investments (continued)

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Foundation's deposits may not be returned. The Foundation does not have a formal deposit policy for custodial credit risk. As of June 30, 2017, none of the Foundation's bank balances of approximately \$334,000 were exposed to credit risk because the entire balances were insured.

Investments

The Foundation Board defines the types of securities authorized as appropriate investments for the Foundation and the conditions for making investment transactions. As of June 30, 2017, all government bonds held by the Foundation have a maturity of less than 1 year, all mutual funds are open-ended funds, and all equities are actively traded.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Foundation's policy for managing its interest rate risk is the same as described above for the primary government except when gifts specify that funds be held in prescribed investments.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Foundation's policy for reducing exposure to investment credit rate risk is the same as described above for the primary government except when gifts specify that funds be held in prescribed investments. At June 30, 2017, all investments held by the Foundation in equities and mutual funds are unrated.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Foundation's policy for reducing its risk of loss due to concentrations is the same as described above for the primary government except when gifts specify that funds be held in prescribed investments.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 2 – Deposits and Investments (continued)

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Foundation’s policy for custodial risk is to use the PTIF whenever possible except when gifts specify that funds be held in prescribed investments.

Note 3 – Fair Value Measurements

The District and the Foundation categorize their fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District and/or Foundation have the following recurring fair value measurements as of June 30 2017:

- Utah Public Treasures Investment Fund is valued by taking an entity’s position in the fund multiplied by the published fair value factor (Level 2 inputs).
- Mutual funds and equity stocks are valued at the daily closing price as publicly reported (Level 1 inputs).

Note 4 – Receivables

The District’s receivables consist primarily of: 1) amounts due from federal agencies and the State of Utah, 2) amounts due from the Cache County School District, and 3) property taxes receivable from Cache County.

Property taxes receivable are summarized as follows:

Levied for future year	\$ 23,006,952
Levied for current and prior years (delinquent)	480,141
Taxes receivable subject to accrual	<u>731,904</u>
	<u>\$ 24,218,997</u>

Total governmental activity long-term liabilities	<u>\$ 50,403,356</u>	<u>5,795,626</u>	<u>(4,029,623)</u>	<u>52,169,359</u>	<u>3,862,000</u>

General Obligation Bonds

The District issues general obligation bonds to provide funds for the construction of new facilities, acquisition of property, renovation and improvement of facilities, and the purchase of school equipment. General obligation bonds are direct obligations and pledge the full faith and credit of the taxpayers in the District. Payments on the general obligation bonds are made by the Debt Service Fund from property taxes. The District is current on all bond payments and is in compliance with the significant terms of the bond agreements.

Lease Revenue Bonds

The Municipal Building Authority issues lease revenue bonds to provide funds for the construction of new facilities, acquisition of property, renovation and improvement of facilities, and the purchase of school equipment. Payments on lease revenue bonds are designed to equal income generated by leasing the acquired or constructed assets to the District. For the current year, interest was paid in the amount of \$114,650. Lease payments will continue each fiscal year through the maturity of the lease revenue bonds.

Bond Issuance Premiums

Premiums received at the issuance of new bonds are being amortized over the life of the related debt.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 7 – Long-Term Obligations (continued)

Post-Retirement Benefits

The District provides benefits in the form of early retirement and associated health insurance costs. Early retirement may be applied for and is available to employees who obtain administrative approval and qualify based on the eligibility requirements. As a result, early retirement costs and associated health benefit costs are accounted for as termination benefits. The early retirement obligation is not covered as part of the District's pension plans.

The projected future cost of early retirement and medical insurance benefits has been calculated based on the amount payable in the next fiscal year plus projected increases of 15% for medical premiums.

As of June 30, 2017, there were 33 individuals participating in the early retirement program. The estimated net present value of the early retirement benefits is \$1,476,089.

Capital Leases

The District entered into a capital lease on March 25, 2015 in the amount of \$1,225,405 for the purchase of laptops. Lease payments are due annually on April 15 and June 30 in the amount of \$19,992 and \$234,401, respectively, until 2019, with an applicable interest rate of 1.90%.

The District entered into a capital lease on August 3, 2016 in the amount of \$140,013 for the purchase of laptops. Lease payments are due annually on August 15 in the amount of \$36,560, until 2020, with an applicable interest rate of 2.94%.

The District entered into a capital lease on August 22, 2016 in the amount of \$43,700 for the purchase of laptops. Lease payments are due annually on August 15 in the amount of \$15,552, until 2018, with an applicable interest rate of 6.71%.

The District entered into a capital lease on June 15, 2017 in the amount of \$110,850 for the purchase of software. Lease payments are due annually on July 15 in the amount of \$24,894, until 2022, with an applicable interest rate of 5.883%.

The aggregate cost of assets under capital lease is \$1,519,968 with accumulated amortization of \$630,211. Amortization expense for fiscal year 2017 was \$349,389.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS

	<u>\$ 737,094</u>	<u>36,946</u>	<u>774,040</u>

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 8 – Fund Balance

Nonspendable Fund Balances

Nonspendable fund balances represent monies that cannot be spent because they are either 1) not in spendable form or 2) are legally or contractually required to be maintained intact. Nonspendable fund balances consist of the following:

Inventories	\$	130,865
Prepaid expenses		15,087
		15,087
	\$	145,952

Nonspendable fund balance for inventory – Was created to represent the portion of fund balance that is not available for expenditures because the District maintains an inventory of food supplies.

Nonspendable fund balance for prepaid expenses – Was created to represent the portion of fund balance that is not available for expenditures because the District has prepaid certain expenses.

Restricted Fund Balances

Restricted fund balances represent monies required to be maintained to satisfy third party agreements or legal requirements. Restricted fund balances consist of the following:

Construction and remodeling	\$	4,721,978
Program expenditures		2,526,101
Debt service		1,569,519
		1,569,519
	\$	8,817,598

Restricted for construction and remodeling – The restriction for construction and remodeling represents unspent general obligation school building bond proceeds and was created to restrict the use of the unspent proceeds for construction and remodeling of the Logan High School.

Restricted for program expenditures – The restriction for program expenditures represents unexpended carryover funds for specific programs and was created to restrict the use of resources for those programs in the following year.

Restricted for debt service – The restriction for debt service represents unspent taxes levied for debt service, including both principal and interest payments.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 8 – Fund Balance (continued)

Committed Fund Balances

Committed for undistributed reserve – State statute 53A-19-103 allows school districts to have an undistributed M&O reserve not to exceed five percent of the total M&O budget by a written resolution adopted by a majority vote of the Board. According to law, the Board may not use undistributed reserves in negotiations or settlement of contract salaries for District employees. As of June 30, 2017, the District has an undistributed reserve of \$1,850,000.

Assigned Fund Balances

Assigned fund balances include the remaining positive fund balance for all governmental funds except the General (Maintenance & Operations) Fund and monies that have been constrained by the Board’s intent to be used for a specific purpose but are neither restricted nor committed. Assigned fund balances consist of the following:

Capital projects	\$ 6,696,159
Programs	3,761,417
Retirement incentive	1,475,000
School food service	947,983
Student activity	649,947
Future increase to undistributed reserve	<u>250,000</u>
	<u>\$ 13,780,506</u>

Note 9 – Operating Leases

The District has entered into an operating lease and service agreement with Xerox Corporation for copier services at the Mount Logan Middle School. Lease expense related to this operating lease was approximately \$14,800 for the year ended June 30, 2017.

Note 10 – Interfund Transfers

The District made the following interfund transfers:

<u>Purpose</u>	<u>Amount</u>	<u>Transfer In</u>	<u>Transfer Out</u>
Fees remitted to the District	44,806	General Fund	Student Activity
To assist student programs	174,000	Student Activity	General Fund

Note 11 – Retirement Plans

General Information about the Pension Plan

Plan Description

Eligible plan participants are provided with pensions through the Utah Retirement Systems. The Utah Retirement Systems are comprised of the following pension trust funds:

- Public Employees Noncontributory Retirement System (Noncontributory System); Public Employees Contributory Retirement System (Contributory System); are multiple employer, cost sharing, public employees, retirement systems.
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System); are multiple employer, cost sharing, public employees, retirement systems.

The Tier 2 Public Employees System became effective July I, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems’ defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Utah State Retirement Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms.

URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems, 560 East 200 South, Salt lake City, Utah 84102 or visiting the website: www.urs.org.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 11 – Retirement Plans (continued)

Benefits Provided

URS provides retirement, disability, and death benefits. Retirement benefits are as follows:

<u>System</u>	<u>Final Average Salary</u>	<u>Years of service required and/or age eligible for benefit</u>	<u>Benefit percent per year of service</u>	<u>COLA**</u>
Noncontributory System	Highest 3 years	30 years any age 25 years any age* 20 years age 60* 10 years age 62* 4 years age 65	2.0% per year all years	Up to 4%
Contributory System	Highest 5 years	30 years any age 25 years any age* 20 years age 60* 10 years age 62* 4 years age 65	1.25% per year to June 1975; 2.00% per year July 1975 to present	Up to 4%
Tier 2 Public Employees System	Highest 5 years	35 years any age 20 years age 60* 10 years age 62* 4 years age 65	1.5% per year all years	Up to 2.5%

* with actuarial reductions

**All post-retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.

Note 11 – Retirement Plans (continued)

Contributions

As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates as of June 30, 2017 are as follows:

	<u>Employee</u>	<u>Employer</u>	<u>Employer 401(k)</u>
Contributory System			
12 State and School Division - Tier 1	6.00%	17.70%	N/A
112 State and School Division - Tier 2	N/A	18.24%	1.78%
Noncontributory System			
16 State and School Division - Tier 1	N/A	22.19%	1.50%
Tier 2 DC Only			
212 State and School Division	N/A	10.02%	10.00%

Tier 2 rates include a statutory required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

For fiscal year ended June 30, 2017, the employer and employee contributions to the Systems were as follows:

	<u>Employer Contributions</u>	<u>Employee Contributions</u>
Noncontributory System	\$ 3,516,116	N/A
Contributory System	23,523	1,329
Tier 2 Public Employees System	932,393	-
Tier 2 DC Only System	53,654	N/A
 Total contributions	 \$ <u>4,525,686</u>	 <u>1,329</u>

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 11 – Retirement Plans (continued)

Contributions reported are the URS Board approved required contributions by System. Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

Pension Assets, Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the District reported a net pension asset of \$0 and a net pension liability of \$20,833,141.

	<u>(Measurement Date): December 31, 2016</u>				
	<u>Net</u>	<u>Net</u>		<u>Proportionate</u>	
	<u>Pension</u>	<u>Pension</u>	<u>Proportionate</u>	<u>Share</u>	<u>Change</u>
	<u>Asset</u>	<u>Liability</u>	<u>Share</u>	<u>12/31/2015</u>	<u>(Decrease)</u>
Noncontributory System	\$ -	20,506,675	0.6327430%	0.6434373%	(0.0106943%)
Contributory System	-	269,679	0.4921531%	0.4020582%	0.0900949%
Tier 2 Public Employees	-	56,787	0.5090727%	0.5330405%	(0.0239678%)
	<u>\$ -</u>	<u>20,833,141</u>			

The net pension asset and liability was measured as of December 31, 2016, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2016 and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer’s actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended June 30, 2017, the District recognized pension expense of \$4,983,698.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 11 – Retirement Plans (continued)

At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ -	1,153,376
Change in assumptions	2,210,990	259,516
Net difference between projected and actual earnings on pension plan investments	4,002,301	1,148,768
Changes in proportion and differences between contributions and proportionate share of contributions	355,809	234,769
Contributions subsequent to the measurement date	<u>2,283,017</u>	<u>-</u>
	<u>\$ 8,852,117</u>	<u>2,796,429</u>

\$2,283,017 reported as deferred outflows of resources related to pensions results from contributions made by the District prior to the District’s fiscal year end, but subsequent to the measurement date of December 31, 2016.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended December 31,</u>	<u>Net Deferred Outflows (Inflows) of Resources</u>
2017	\$ 1,167,697
2018	\$ 1,221,238
2019	\$ 1,533,349
2020	\$ (168,465)
2021	\$ 1,589
Thereafter	\$ 17,263

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 11 – Retirement Plans (continued)

Actuarial Assumptions

The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

- Inflation: 2.60%
- Salary increases: 3.35% – 10.35%, average, including inflation
- Investment rate of return: 7.20%, net of pension plan investment expense, including inflation

Mortality rates were developed from actual experience and mortality tables, based on gender, occupation, and age, as appropriate, with adjustments for future improvement in mortality based on Scale AA, a model developed by the Society of Actuaries.

The actuarial assumptions used in the January 1, 2016, valuation were based on the results of an actuarial experience study for the five year period ending December 31, 2013.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 11 – Retirement Plans (continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Expected Return Arithmetic Basis		
	Target Asset Allocation	Real Return Arithmetic Basis	Long-term Expected Portfolio Real Rate of Return
Equity securities	40%	7.06%	2.82%
Debt securities	20%	0.80%	0.16%
Real assets	13%	5.10%	0.66%
Private equity	9%	11.30%	1.02%
Absolute return	18%	3.15%	0.57%
Cash and cash equivalents	0%	0.00%	0.00%
	<u>100%</u>		5.23%
Inflation			<u>2.60%</u>
Expected arithmetic nominal return			<u>7.83%</u>

The 7.2% assumed investment rate of return is comprised of an inflation rate of 2.6% and a real return of 4.6% that is net of investment expense.

Discount Rate

The discount rate used to measure the total pension liability was 7.2%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate. The discount rate was reduced to 7.2% from 7.5% from the prior measurement period.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 11 – Retirement Plans (continued)

Sensitivity of the Proportionate Share of the Net Pension Asset and Liability to Changes in the Discount Rate

The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.2%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.2%) or 1-percentage-point higher (8.2%) than the current rate:

<u>System</u>	<u>1% Decrease (6.2%)</u>	<u>Discount Rate (7.2%)</u>	<u>1% Increase (8.2%)</u>
Noncontributory System	\$ 37,599,360	20,506,675	6,181,336
Contributory System	663,000	269,679	(64,360)
Tier 2 Public Employees System	<u>386,528</u>	<u>56,787</u>	<u>(194,064)</u>
Total	<u>\$ 38,648,888</u>	<u>20,833,141</u>	<u>5,922,912</u>

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued URS financial report.

General Information about Other Retirement Plans

Defined Contribution Savings Plans

The Defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b) and 408 of the Internal Revenue code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

LOGAN CITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

Note 11 – Retirement Plans (continued)

The District participates in the following Defined contribution Savings Plans with Utah Retirement Systems:

- 401(k) Plan
- 457(b) Plan
- Roth IRA Plan

Employee and employer contributions to the Utah Retirement Defined Contribution Savings Plans for fiscal year ended June 30 were as follows:

	<u>2017</u>	<u>2016</u>	<u>2015</u>
401(k) Plan			
Employer Contributions	\$ 396,175	398,596	374,004

Employer Contributions	N/A	N/A	N/A
Employee Contributions	\$ 26,979	17,816	11,370

Note 12 – Public Entity Risk Pool

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, and natural disasters. The District participates in the Utah State Risk Management Insurance Fund, a public entity risk pool managed by an agency of the State government. The District pays an annual premium to a trust set up for the forty school districts in the State which participate in the risk pool for general insurance coverage. The Trust was created to be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of one million dollars for each insured event. As of June 30, 2017 there were no outstanding unpaid claims. For the past three years, the District has had no claim settlements that exceeded its insurance coverage.

LOGAN CITY SCHOOL DISTRICT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2017

Note 1 – Budgetary Basis of Accounting

A Budgetary Comparison Schedule is presented for the General Fund and each major special revenue fund as required by generally accepted accounting principles (GAAP). Budgets for the governmental funds are adopted on a GAAP basis. Budgets are not adopted at the District level for the Logan City School District Foundation. Expenditures may not legally exceed budgeted appropriations at the fund level. Appropriations lapse at fiscal year end.

Note 2 – Budgeted Increases and Decreases

Each fund has a balanced budget. Any excess of revenues over expenditures in the budget columns in the Required Supplementary Information schedule represents budgeted increases to fund balance approved by the District's Board of Education. Any deficiency of revenues over expenditures in the budget columns on Required Supplementary Information schedules represents fund balance appropriated by the District's Board of Education.

Note 3 – Budget Adoption and Monitoring

The District's procedures in establishing the budgetary data reflected in the Budgetary Comparison Schedule are as follows:

The Superintendent and Business Administrator submit to the Board of Education during June of each year a tentative operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. Included also is a final amended budget for the current year ending June 30th.

Prior to June 22, the Board of Education holds a public hearing at which time taxpayers' comments are heard. At the conclusion of the budget hearing, the budget as amended, is legally enacted by Board action. However, if property tax revenue budgeted exceeds the certified tax rate as established by the State Tax Commission, the District can only adopt a tentative budget for those funds that contain property tax increases. The District is then required to hold a public hearing to comply with "Truth in Taxation" State law. The District publishes a prescribed advertisement in the local newspaper stating the amount and percentage of the proposed tax change above the certified rate. The District then holds a public hearing before August 17th. After the public hearing, the Board of Education then adopts the final tax rates and authorizes the corresponding budget. The budget is then approved reflecting the tax rates adopted and other approved changes from the tentative budget.

Budget appropriations may only be changed by action of the Board of Education. If an increase in budget appropriations at the fund level is proposed, the procedures used when enacting the original budget including a properly advertised public hearing are followed.

LOGAN CITY SCHOOL DISTRICT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2017

Note 4 – Proportionate Share of Net Pension Liability

Changes in Assumptions

The following actuarial assumption changes were adopted January 1, 2016. The assumed investment return assumption was decreased from 7.5% to 7.2% and the assumed inflation rate was decreased from 2.75% to 2.60%. With the decrease in the assumed rate of inflation, both the payroll growth and wage inflation assumptions were decreased by 0.15% from the prior year's assumption.

LOGAN CITY SCHOOL DISTRICT
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Year Ended June 30, 2017

Note 1 – Purpose of the Schedule

The Schedule of Expenditures of Federal Awards (the Schedule) is a supplementary schedule to the basic financial statements. The Schedule is required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

Note 2 – Summary of Significant Account Policies

Basis of Accounting

The information in the Schedule is presented in accordance with Uniform Guidance. The Schedule is prepared using the same accounting policies and basis of accounting as the basic financial statements.

CFDA Numbers

Uniform Guidance requires that the Schedule show the total expenditures for each of the entity's federal financial assistance programs as identified in the Catalog of Federal Domestic Assistance (CFDA). The CFDA is a government-wide compendium of individual federal programs. Each program included in the CFDA is assigned a five-digit program identification number (CFDA number).

Major Programs

Uniform Guidance establishes the levels of expenditures or expenses and other criteria to be used in defining major programs. Major programs have been noted on the Schedule of Findings and Questioned Costs in accordance with those definitions.

Commodities

Federal commodity contributions are recorded as revenues. Expenditures are recorded when inventory is consumed. The fair market value of inventory received is included in the schedule of federal awards as Food Distribution.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Board of Education
Logan City School District
Logan, Utah

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Logan City School District (the District) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 30, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a

deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2017-001 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2017-002 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The District's Response to Findings

The District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY
THE UNIFORM GUIDANCE

To the Board of Education
Logan City School District
Logan, Utah

Report on Compliance for Each Major Federal Program

We have audited the Logan City School District's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2017. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

| 9. Auditee qualified as low-risk auditee? | Yes |

LOGAN CITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2017

- B. Findings related to the financial statements required to be reported in accordance with *Government Auditing Standards*.

Finding 2017-001

Criteria: Internal control standards adopted by the GAO expect that appropriate monitoring controls are functioning to prevent or detect misstatements in account balances prior to being reported in the financial statements.

Condition: Retainage payable related to the renovation of Logan High School was not properly recorded.

Cause: The District's monitoring procedures were not sufficient to identify and record retainage payable related to the renovation of Logan High School.

Effect: The District has a material weakness in internal controls with respect to monitoring construction invoices and properly recording retainage payable and the associated expense at the fund level and fixed assets at the entity wide level.

Recommendation: Management should implement monitoring procedures over construction contracts requiring retainage to be properly recorded.

Finding 2017-002

Criteria: Internal control standards adopted by the GAO expect that appropriate monitoring controls are functioning to prevent or detect misstatements in account balances prior to being reported in the financial statements.

Condition: Of the monthly credit card statements tested, we noted no indication or evidence of review or approval of purchases made by credit or purchase cards.

Cause: The District does not have sufficient monitoring controls in place with respect to purchases made by credit or purchase cards.

Effect: The District has a significant deficiency in internal controls with respect to review and approval procedures over purchases made by credit or purchase cards.

Recommendation: Management should implement monitoring procedures over all credit and purchase cards and document evidence of reviews performed.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2017

- C. Findings and questioned costs related to federal awards required to be reported in accordance with the Uniform Guidance.

None

LOGAN CITY SCHOOL DISTRICT
SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
Year Ended June 30, 2017

There were no audit findings in the prior year related to federal awards.

LOGAN CITY SCHOOL DISTRICT
CORRECTIVE ACTION PLAN
(Client Submitted Document)
Year Ended June 30, 2017

The Logan City School District respectfully submits the following corrective action plan for the year ended June 30, 2017. If you have questions or comments regarding this plan, please contact Jeff Barben, Business Administrator, at (435) 755-2300.

Response to finding 2017-001

Recommendation: Management should implement monitoring procedures over construction contracts requiring retainage to be properly recorded.

Action to be taken: Logan City School District will book all future retainage as a payable when incurred.

Response to finding 2017-002

Recommendation: Management should implement monitoring procedures over all credit and purchase cards and document evidence of reviews performed.

Action to be taken: In addition to reviews done by Directors and Accounts Payable, the Business Administrator will randomly review two different credit card statements each month to ensure that each credit card is being monitored annually.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
AS REQUIRED BY THE *STATE COMPLIANCE AUDIT GUIDE*

To the Board of Education
Logan City School District
Logan, Utah

Report on Compliance with General State Compliance Requirements

We have audited Logan City School District's (the District) compliance with the applicable general state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the Utah State Auditor, that could have a direct and material effect on the District for the year ended June 30, 2017.

General state compliance requirements were tested for the year ended June 30, 2017 in the following areas:

Budgetary Compliance
Fund Balance
Utah Retirement Systems
School District Tax Levies
Open and Public Meetings Act
Minimum School Program

Management's Responsibility

Management is responsible for compliance with the general state requirements referred to above.

Auditors' Responsibility

Our responsibility is to express an opinion on the District's compliance based on our audit of the state compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the state compliance

requirements referred to above that could have a direct and material effect on a state compliance requirement occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each state compliance requirement referred to above. However, our audit does not provide a legal determination of the District's compliance with those requirements.

Opinion on General State Compliance Requirements

In our opinion, the Logan City School District complied, in all material respects, with the state compliance requirements referred to above for the year ended June 30, 2017.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the *State of Utah Legal Compliance Audit Guide* and which are described in our letter to management dated November 30, 2017 as Other Matters item 1. Our opinion on compliance is not modified with respect to these matters.

The District's response to the noncompliance findings identified in our audit is described in our letter to management dated November 30, 2017. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the state compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the state compliance requirements referred to above to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with general state compliance requirements and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a state compliance requirement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a general state compliance requirement will not be prevented or detected and corrected on a timely basis. *A significant deficiency in*

internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the *State Compliance Audit Guide*. Accordingly, this report is not suitable for any other purpose.
